Occupation: Police Sergeant STATES:—

I am a Sergeant of Police attached to the Central Fingerprint Bureau, Criminal Investigation Branch, Sydney and have been attached to that Bureau for over 14 years.

On the 23rd. June 1976 I attended unit number [redacted]49 Grosvenor Crescent, Summer Hill and there saw the deceased body of a male person, whom I was informed was Allan Ernest HEAD, lying in the kitchen.

I then proceeded to make a fingerprint examination of various parts of the unit.

I developed fingerprints on the main bedroom doorway, bathroom doorway and the kitchen doorway, these were all eliminated as belonging to the deceased.

On the kitchen wall, beside the body, were a number of marks in blood, which I photographed, two of these were palm prints suitable for identification, but at this stage have not been identified.
