Thanks Geoff,
 I will see if 20 and 21st works for the Strikeforce and Supt Crandell but it works for me.

Hi Tony, Shobha, Geoff

I just had a very good conversation with Dr Dalton who won the Parrabell tender.

He is super keen and can fly to Sydney for a solid 3-4 days to be briefed and start work.

I suggested that he allocate a day to spend with Bias Crimes Team to get his head around our approach and the origins of Parrabell.

Then I suggested a day to meet at Surry Hills with the Strikeforce Team and Tony, and the Bias Crimes Team, to discuss the cases. We may not get through all them in one day of course but to start the process. We should also revisit his Gantt chart to see whether there are specific things we want to change.

Then I thought he could have one or maybe even two days to work from Surry Hills and maybe access some of the raw data if he wants to.

First thing to ask is whether I can send him the 88 summaries as reading before he arrives? And if so, can it be sent in a non PDF format so he can make notes?

Second thing is when will you all be available to meet?

Tony, we will need a day from you and Strikeforce Parrabell at least.

Geoff, we will need two days in a row from you or someone from your team. He is keen to look at some of the geography as well eg Marks Park, and doesn't know Sydney well so I thought maybe we could take him there.
