---

Dear Derek and the Flinders team,

I am attaching a document with feedback collated from all of us, excluding a phone conversation that I understand you had with Craig. (He has added a little comment to feedback from Tony - attached.)

Firstly, can I say that we are all extremely happy with your report, the level of coverage, detail, analysis and the sensitivity and respect demonstrated in the writing of the report.

I don't think any of us at NSWPF were in conflict with regard to our feedback so I have simply collated the emails into a document, starting with feedback from Tony and Craig - which is more specific to the cases and argument around bias. Following is feedback from Shobha and I which relates to language, some sections which we think could be made more clear, and some points relating to our Bias Crime SOPs and definition etc. I know you said not to point out typos etc - I have found a few and included in my feedback because I am just stubborn!

Please don't hesitate to call if you have any queries at all.

Shobha, Tony and I met briefly and thought about your next trip to Sydney and wondered whether it could be a trip to present the findings, as long as you don't think you need to visit us sooner to discuss feedback.

Let me know.

Regards

Jackie
