Brief Description

On the 19/12/2017 DSC CHEBL received correspondence from Kirsty HEDLEY, attorney generals office. HEDLEY stated she recently received a document from French authorities in response to the earlier MAR forwarded.

Utilising Google translate the statement was translated from French to English.

The statement was obtained on the 10/05/2017. In this statement MUSY provides a background to his early life from Africa to living in France. He further states his meeting with MATTAINI and there later relocation to Australia. MUSY states in detail his knowledge of MATTAINI's suicide attempts.

MUSY is asked about these suicide attempts and conversations he had with MATTAINI about his intentions to take his own life, MUSY stated "Personally, I believed a lot in suicide. But since 2002, when the Australian police, in the person of the detective Steve PAGE summoned me and heard the police station of PADDINGTON, I was persuaded that in fact Gilles MATTAINI was certainly the object of an aggression or even of an assassination. I no longer believe in the thesis of suicide because I was able to discover a high number of assassinations, disappearances, assaults, between the years 1980 to 1990 and that the Police was not very active."
