Dear Assistant Commissioner Crandell,

The University tells me they still haven't heard back about the issue below: [Fragment starts FRIDAY 28th July] so could you please get someone to chase it up.

Craig changed one of the SFP codings this week, so Willem and I made some changes. At this stage this really slows us down as we have to reconfigure tables and graphs etc.

Mind you, I think it was good that Craig raised the need to adjust *Crombie*.

We are ALMOST there. I have been unwell for 3 days (in bed) but the proofing process continues now that I am back in the office.

I hope (fingers Xd) to send you our revised report by next Friday.

Sincerely

Derek
