Hi Willem.

I fixed 95% of what they wanted.

A few things remain that I will chat to you about (tomorrow afternoon????)

Please (even if you accept all changes) [pay close attention to comments on pages 14/29 and 36](#) as they require you to either **fix or be happy with something that I have done** that is MORE CRITICAL than the other minor changes.

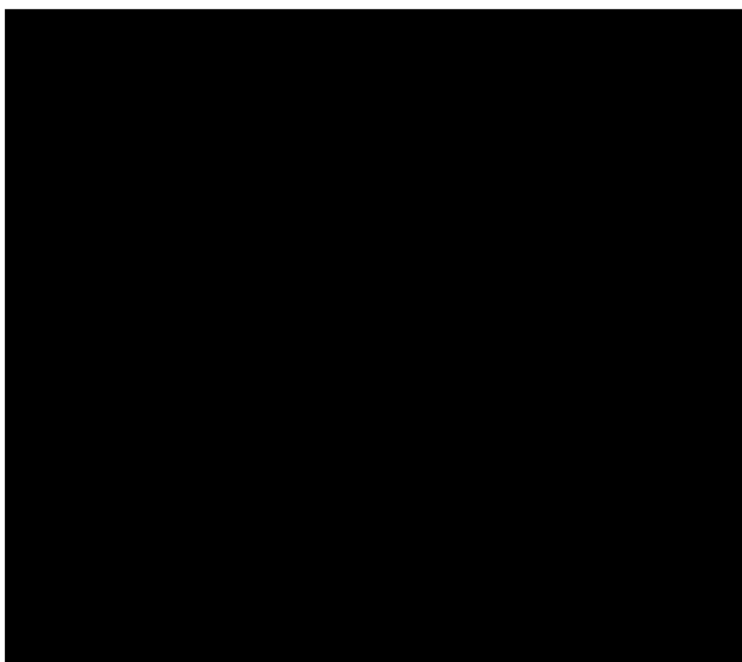

Please also read footnote 9. Maybe we have to change it.

I am NOT getting rid of the FBI comment (I want to be “on the front foot” about it).

I snuck in DEFINITION OF BIAS that the cops use. **Will have to speak you about it so that it makes sense. It will when we chat.**

BEFORE you ADD anything (which is cool) can we chat so we are on the same page?☺ It just seems like at this stage that is helpful for both of us.

TOMORROW I will start on MISSING refs (doesn't matter that you are starting to work on a new version – 17 - I can back fill later. )
