Re: ROSS BRADLEY WARREN - Missing 22 July 1989

Dear Sir,

We have been advised by the Coroners' office to contact your department. As it is now 9 years since Ross disappeared, we feel it is time for a Coroners inquest to close the case. We know that there is no way he is still alive and the family feel it should be official so we can put the matter to rest.

The Coroners Office said that the application for an inquest has to come from the investigating officers, so I am hoping you can instigate this matter for us as we do not know where to start.

Please advise what further steps we are to take.

Yours sincerely

Kay Warren (Mrs)
