RE: ROSS BRADLEY WARREN: Missing Sydney 22.7.89

Dear Sirs

This is my third letter requesting that some action be taken re my sons' case, as it is 10 years this year.

We apparently have to wait for some action by your department for a Coroners inquest before he is declared officially dead, which we have accepted.

Ross and his sister were very close, she is now expecting a child and needs some financial assistance. Ross left some money in a bank account which I would like to pass on to her, but cannot access it until there is an official letter from the Coroners office declaring Ross legally dead.

Enclosed are copies of my earlier correspondence, July was posted and December was Faxed to your office last year. I would appreciate a reply and any information on the matter.

Please note we now have a different address to the earlier letters.

Yours sincerely

Kay Warren (Mrs)
