Re: ROSS BRADLEY WARREN

Dear Sir

I am enclosing copies of earlier correspondence, the last of which was forwarded to your office.

I would like to know why there has been no action on my request. I understood that a person was presumed legally dead after seven years.

If there is a reason or something about my sons disappearance that we have not been told I would like to be informed. Sgt. Steve McCann who was investigating the case at the time told us after about three months there was nothing much more to be done and the case was put on file.

Will someone please do something to finalise this matter to enable the family to put the matter to rest , as ten years is far too long.

Yours faithfully

Kay Warren (Mrs.)
