RE: ROSS BRADLEY WARREN - DISAPPEARED 22nd JULY 1989

Dear Sir

It is eleven years this July since my son disappeared and I still cannot get a Coroners certificate declaring him officially dead.

I am enclosing copies of my correspondence and hope that you can please finalise this matter for me. I fail to see that it can take this long to organise the necessary paperwork for a death certificate to be issued. I realise that to the Police he is just another statistic but he was a very important part of our lives and we want to put the matter to rest.

An early reply is anticipated.

Yours sincerely

*Kay Warren*
