Hi Rick,

This statement can be attributed to Det Supt Mick Willing, Commander of the Homicide Squad:

"Detective Chief Inspector Pamela Young is an experienced officer who, along with her team, has worked hard on this case and conducted an outstanding investigation.

"Perhaps some of her comments (on Lateline) were inopportune in light of the Coroner's decision yesterday to hold a third inquest, a decision that is fully supported by the NSW Police Force.

"In light of that decision yesterday it would be inappropriate to make further comment."

Kind regards,
