### Case Details:

Date of Incident	19/11/1991	Event Number	E:904029103865	Original LAC	Mosman
Incident Location(s)	[REDACTED] Spit Road, Mosman				
Victim	William James DUTFIELD	Date of Birth	[REDACTED]		
Original Crime Scene Officer	Senior Constable <b>KOLDER</b> , <b>HUGHES</b> and <b>FORBES</b>	Location	Chatswood Crime Scene		

Priority: Routine:  Urgent:  (Include reasons in "Investigation Details")

### Investigation Details

<b>(Be Brief, include details regarding exhibits)</b>	<b>STRIKE FORCE NAME:</b>	HAMISH
---	---------------------------	--------

The deceased William James DUTFIELD born [REDACTED] resided at 11/102 Spit Road Mosman. The deceased was a homosexual male who had a heavy drinking habit. He kept his Homosexual life secret. The deceased was last seen alive at his unit by Arthur William ASHWORTH (friend). Between 8pm to 9pm on the 19/11/1991 the deceased and ASHWORTH had a few drinks. ASHWORTH left about 9pm. About 10pm a neighbour heard a verbal argument from the deceased unit and a loud thud. The neighbour did not act on this noise.

At 11.03am on Wednesday 20/11/1991 the deceased body was located in his unit by ASHWORTH. The deceased was located lying face down on lounge chair at home address. The deceased had a large head injury to the back of his head.

An Examination of the crime scene revealed what police believe to be the Murder Weapon. This was a sticky tape dispenser was located in the kitchen sink and appears to have been wiped down by a nearby cloth. There was a blood stained tissue located in the waster paper basket. It appears the crime scene was wiped down as there were no prints located in the unit not even those of the deceased.

The time of death estimated by the Government Medical Officer Dr Joseph DE FLOU is around 10 to 11pm. Post Mortem was conducted on the night of the 20/11/1991 at Glebe Morgue. Dr DE FLOU indicated the deceased died from massive wounds to the back of the head caused by a heavy blunt instrument. Twelve blows to the head were counted and it appears death was instantaneous. Examination indicated the deceased had not been sexually interfered with.

It appears that the deceased was also robbed of between \$150 and \$180 is cash from the deceased wallet.

In 2005 this matter was reviewed by UHT. The tissue and cigarette butts were resubmitted to DAL for further DNA testing. It was determined the blood on the tissue was not from the deceased or [REDACTED] NP63. DAL reference FS05/2452. The cigarette butts were ether determined to have DNA from the deceased or unidentified DNA.

FSG – S/Con KOLDER was the Crime Scene officer. FORBES and HUGHES name are also on the FSG file however the only statement for the matter is KOLDER

Fingerprints N166513, 167206, 166651, 167016
