Reference: Death of Samantha RAYE  
 Register number: T 9469

I, SHIV CHARAN LAL VERMA hereby certify as follows:

- My scientific qualifications are:  
 Master of Science (Chemistry) of the Delhi University, India.  
 Doctor of Philosophy (Science) of the University of Bombay, India.
- Item(s) in connection with this matter was/were received on 28 March 1989  
 from Constable Gordon of Coroner's Court, Glebe.
- These items have been examined with the following results:

Item(s)	Result of Examination
LIVER	Routine screening tests for poisons were negative.
STOMACH AND CONTENTS	Routine screening tests for poisons were negative.
BLOOD (Preservatives added)	Alcohol: None found Glucose: 0.5mmol per litre
BLOOD (Unpreservatised)	Approximate volume of specimen: 30mL Insulin: 21 micro units per mL.
URINE	Approximate volume of specimen: 70mL Glucose: 0.9mmol per litre.
BILE	This exhibit was not examined.

Received on 6 April 1989 from Constable Duncombe of Bondi Police the following:

- One 2mL plastic syringe, with needle, containing a drop of clear liquid. The syringe was found to contain insulin.
- One unlabelled plastic jar containing a white creamy paste like liquid. The white creamy substance was found to contain insulin.

PATHOLOGIST: DR. BRADHURST  
 Forwarded for your information

Senior Coroner
