DR. R. BERLIN

The Director

Department of Housing, N.S.W.

Dear Director

Herewith is Samantha Raye, aged 30, who is a transsexual female, having had an operation last year. She has suffered enormously from sexual harassment from her cohabitants and neighbours. She has been threatened and abused and I fully support her application for a home. She has been on Sickness Benefits (1982) and naturally on this income is barely able to make ends meet. She will need further surgery, and the stresses of living in her present home are really unacceptable.

Yours faithfully

Rud Bel m.s. B.S.
