I am the manager of the L and B Discounts Store, situated at 250 Crown Street, Wollongong. Each morning I go to the front of the store open it up and go to the rear where I open the gate.

About 8.40 am on Friday, 14 February, 1986 after opening up the store I went to the rear of the premises and open the gate. Upon turning around after opening the gate I notice a man lying on the ground wedge between the toilet block and the wall. He was obvious injured because I could see blood coming from his mouth. I ran back inside the store and called the ambulance. By the time I got back from the phone ambulance had arrived.

I noticed a large amount of blood around the mans face and head.
