[Redacted] Dads. (S) Ast (S) (S) (S)

Dear Blair - How are you?
Well I haven't caught you lately and was wondering how it felt like?

Anyway I run + hid a lot of my life is well. Still, one must realise when to stop hiding + commit suicide.

Well I can't picture you jumping rite now! Still the news could possibly put a smile on [Redacted] 1180's face.

As you may well imagine she drove me up the wall, out the door, and in to the rain searching for you. I went there once + got wet, + that didn't impress her at all. It was "my fault" - "I don't have any real friends" she just couldn't understand or even picture what could have taken place in your mind.

So by Friday 12 Jan she had her bags packed + already had a place to move to. As well as many backup rooms - in friends houses to go to. Yes you guessed it. She didn't let me know. But if this move didn't come of she was going. You could probably picture my joy at this new lesson in relationships.

She wouldn't give me back my B90 I gave her (my fault) as she put \$60 on the stupid deposit.

To think we nearly had enough to move in anyway once my + mostly her, money came.

But we were to late. Somebody else got it. They kept the \$60 as well to them? (S) (S) (S) (S)

So I learnt the truth. Since then I hardly see her. She's stayed But's never home. Motel.

No. [Redacted] 1180 Burwood Court wants to jail in a case I could get Depos. + back + pay them. She won't help

- You can get Fucked over - I mean what's the Bull this time. X = Bad. I = ? U = ... still I was upset - the place was Fucking unreal.

(2)

Even if you couldn't raise \$ - Bank may have helped. = U could have told us. Disappointed. But still got other place. Man I spend more on cigarettes every week than my share of the rent at that place. You would have been the proffer U-know. Thinking how fucking together + mature you are wow. - when your GC? will 25yolds find you interesting? Not Really Symantics is pretty general thing.

But after 1180 stole - switched + then asked for the \$100 worth of tape I wanted to sell to Chris Booth. It looked like \$30 worth instead of \$100 etc. + Tasted different. It also didn't get her stoned. + she discovered a damp spot in the paper where it must have been absorbed into the paper wrapping. Yes I know Totally Impossible. I had it for 2 wks + it looked perfect etc. Then sealed it in a new clean zipper bag packet + put it into a BarokhA. container with the anti-40 stuff in the lid + put it into my draw. (1st coincidence. After our big fight about U. She goes out for a night till 6 or 7 AM etc. (2nd) spends periods with her sneaky weekend Junky Boarding school friends (3rd) gets waddy. (4th) nicely asks for tape. Not mention for 3 wks. (5th) she opens packet + has immediate explanation for its mysterious disappearance (6th) when injected. Twice + she's not pinned or stoned. she still talks about how strange the snack must be. (7th) "Ma! How dare you! - I'd never! - Any way it was hidden in your top drawer!" (8th) Doesn't complain about her wasting her fucking Valuable \$ But will give me the \$30 when her first pay cheque arrives (9th) "Mind ly shed say you raped me?" + "I not paying! Fasted it! How could that have happened?" - I say. Some one has taken it - used it + replaced it - No ones been around? it must be 1180! So she don't talk to me for a while. - Is that why you changed your Mind Prick. - Care of her?

(3)

Came its not far Blair. You were the only person that was with Junkie or ex etc that talked to me + it not far. You dont show - I loose house - get friend - I loose you - wing U - coward. - Explain to me Better - Trust write a letter + arrange a place to meet for Coyle etc - Me + U not Piss Hoops Girl friend - If I could afford it I would throw her out - get tv Back + make the bed - Maybe just move the TV + make Carpet Room Stacking Blair you cant just end atwing

☺ Thank for Being Brave enough to open it. Oh.

Cradle Mountain-Lake St Clair National Park, Tasmania located in the central highlands, the glaciated landscape of this park's 137,000 hectares incorporates more than 25 major peats and an abundance of lakes, tarns, deep gorges, rivers and waterfalls. The 80 kilometre walking track system that runs between Cradle Mountain and Lake St Clair is one of the most famous in Australia. The beech forest areas, with a heavy canopy above, are cool havens of thick moss, massed ferns and coloured fungi.
