	JIAI EJ.—
	1924
	1. My name is 1221 . I am 17 year
	of age and I live at Marickville with a friend My parents live at Edgewood
	I have been living at the Sydney address since the 10th January
	1984.
	2. One day just before hristmas, 198
	I was out at
	two o-clock that afternoon I was out the front of his place tal
	to him. I saw Jeff MILLER drive around the corner and pull up
	at the front of the house. Jeff was driving a brown coloured
	panel van and
	7 22
	Jeff got out and walked over to 121
	and said, "I want to talk to you." With that he grabbed him by the shirt and pulled him around the back of the van. I hear
	then talking for a while but I couldn't make out what they were
	saying. It appeared to be a 'heavy' conversation, MILLER was
	threatening 1219. I can remember hearing MILLER say, " 1219
	you are lying." The conversation would have lasted for about
	three or four minutes.
	4. When they had finished MILLER dragg
	1219 back around to where I was standing. He then got back
	into the car and took off.
	5. I said to 1219, "What's going on.
	He said, "Nothing." 1219 was upset and frightened and didn't
	want to talk to me about what MILLER had said to him. I can
	recall MILLER saying to 1219 during the conversation " Keep yo
	mouth shut." I don't know what he was referring to but I support
	that is why
	About a week later I was at 1217
	1217   's place at, Newcastle I again saw Jeffre
	MILLER have a heavy conversation with 1219. They were
	talking across the road fr m the flat and I couldn't hear what was being said but Jeff was pointing his finger at 1219.
