

INQUEST TOUCHING THE DEATH OF PAUL EDWARD RATH.

---oOo---

PROS. I ask to seek to tender a statement, of gregory John Rath.... WITNESS CALLED..

LATER.. PROS. That is the evidence I have to call.

BENCH. On the evidence, there are no suspicious circumstances, and I formally find there is no prima facie case, against any person for an indicatable offence. Whilst on the one hand there is evidence to the dec'd under treatment from Dr. Richardt, the Drs. evidence is that earlier that month, the dec'd was quite normal, this situation is conformed by relatives and there is other evidence, it was not unusual for the dec'd to walk in this area..
