20/1/81	<p><u>INFORMATION CONCERNING LATENT FINGERPRINTS FOUND IN DECEASED'S SHOP</u></p> <p>About 1.00pm on 20/1/81, contacted S/Const. Dennis SMITH at Singles Section, Fingerprints inquiring as to the present position concerning the latent fingerprints developed at the deceased's shop. He stated that all larger latent prints had been eliminated. He stated that the print on a large bowl which had traces of blood nearby was that of Mrs. TURNER who was an employee of the deceased. He added however, that there were still some fragmented latent prints and a partial palm prints not accounted for. These may well be that of customers but they are identifiable. These fragments are not confined to any particular part of the shop.</p>	<p><u>FESZCZUK</u></p>
