- As a result of that telephone call, I caused the central recods system respecting that Policy to be marked, ie. any claims receives to be referred to me personally.
- About two days later, ie. after receipt of the 5. first telephone call, I received another call from the same person. I cant recall the exact conversation, but the caller asked how progress was with out investigations. I told him that nothing had transpired. He told me that he couldn't find out who John was, but he would continue inquiries. I received several further telephone calls from this person in the ensuing weeks. Again, the caller asked what progress was made and indicated that he was unable to give any further information regarding this stolen car. He did hed add however, that the car owned by NP58 had detiorated badly. He said that NP58 drove the car very hard and had ruined it.
- 6. On 2nd October, 1980, a Claim Form in respect of the said Policy was received by our Assessor Philip NIXON at the Golden Fleece Service Station, Poole Road, Kellyville. He assessed the vehicle and found it to be a total loss, due to an extensive fire that had occurred in it. The Claim Form submitted is signed and dated 2nd October, 1980 witnessed by Miss Penny ROBERTSON who is employed at our Parramatta Office. The Claim Form contains information which suggests that the said vehicle was stolen by person or persons unknown to the insured from the vicinity of the Belfield R.S.L. Club on 27th September, 1980.
- On 30th October, 1980, 7. NP58 attended the N.R.MA. Office, Parramatta, where he was interviewed by Mrs. Maria ARITI, our Claims Clerk. This procedure is normal with all theft claims.
