ame:	(Surname in capitals)
ddress:	Tel. No.
ccupation:	Truck Driver. STATES:-
	1. My is the deceased Walter John BEDSER.
	He is
	2. In October, 1980, I was at my home when I
	received a telephone call from Wally. (BEDSER)
	He asked me to do him a favour by ringing American Imports
	in Melbourne and pricing a Buick Station Waggon that had
	been advertized in one of the Sydney Newspapers. Possibly
	The Herald. Wally said he thought the price he had been
	given was a bit dear and asked to me to get a price.
	The same day, about 11.00 am I rang this Melbourne telephon
	number which Wally had given me. I spoke to a man
	and asked him about this particular car. I asked him the
	price and I was told \$30,000-00. I asked this man what
	that price included. He said that it included converseon
	from Left Hand Drive to Right Hand Drive, and registration
	and other on road costs. I rang Wally back and told
	him the price and what it included. Wally told me
	that he was given a price of \$34,000-00 plus \$4-5,000-00
	for the conversion and registration. Wally asked to
	to recheck the price. I rang American Imports again and
	verified the price and again contacted Wally and
	verified the price. Wally said that it sounded strange
	and said that he was going to have a look at the car anyway
	When I spoke to American Imports the second time, I asked
	if they had anything cheaper. The same man that I spoke to
	the first time said they had a car in Sydney, a Pontiac
	Station Waggon for \$16,000-00 and gave Wally's Shop
	address at 4 Darcy Street, Parramatta - Parramatta Antiques
	I told Wally about this also.
