Mr John Beddes

Mr Beddes denied that he knew anything of our insureds, stolen - burnt vehicle other than someone had told him it had been stolen.

He denied he phoned NAMA, that the money hadn't been repaid by **NP60** - also that he has won the lottery recently.

I left my card with him in case he heard anything or had a change of mind.

He showed me a receipt book with a payment by our insured for \$100.00 - claimed that it was the other payment. The receipt was dated 23.9.80
