1. This statement made by me accurately sets out the evidence which I would be prepared, if necessary, to give in court as a witness. The statement is true to the best of my knowledge and belief and I make it knowing that, if it is tendered in evidence, I shall be liable to prosecution if I have wilfully stated in it anything which I know to be false or do not believe to be true.

2. I am 40 years of age.

3. I am attached to the Sydney Crime Scene Section of the Forensic Services Group, where my daily duties include the examination of scenes of crime, the collection of physical evidence, the taking and processing of photographs, the preparation of scale plans and the macroscopic and microscopic examination of objects. I have successfully completed the Crime Scene Examiners Primary Course, Crime Scene Examiners Course Stage Two, Detectives Training Course, Arson Awareness Course, Police Drafting Course, Wild Microscope Course, and am currently enrolled in the Diploma in Applied Science - Forensic Investigation Course at the Canberra Institute of Technology. I have been engaged in this duty for fifteen years.

4. On the 22 December 1997, as a result of a message received, I attended the City Morgue at Glebe arriving at 4.15pm. There I had a conversation with the Government Pathologist, Dr Lawrence.

STATEMENT (continued) in matter of : DEATH OF David Samuel ROSE

Name: NICOL, Clinton Donald

8. At 8.45pm, as a result of a message received, I attended premises at [REDACTED] Addison Road, Kensington. There I had a conversation with Detective Goddard. I then made an examination of the drain pipe running down the eastern side of the premises. Approximately 160cm up from ground level I saw a number of small spots which gave a positive indication to a presumptive blood test. I later swabbed these stains for the purpose of further examination. I then saw on the northern side of the down pipe in the area approximately 8-9 metres above ground level and adjacent to the balcony on level 2 was a small stain which gave a positive indication to a presumptive blood test. I later swabbed these stains for the purpose of further examination.

EXHIBIT

I PRODUCE 2 PHOTOGRAPHS OF THE DRAINPIPE ON THE DRIVEWAY AT THE EASTERN SIDE OF THE PREMISES. NUMBERED 237 TO 238 FOR IDENTIFICATION AND CAPTIONED ON THE REAR.

PHOTO 237. General view looking south along the driveway showing the drain pipe attached to the eastern side of the premises.

PHOTO 238. Close view of the spots approx 160cm above the ground.

9. I then returned the swabs to the Crime Scene Section exhibit room recorded under Specimen Item Register Number 34/A20717.
