

409/97

Mr Hand  
State Coroner  
PO Box 90  
Glebe 2037  
21st May 1997

Dear Mr Hand

I am writing in connection with the death of my son SCOTT STUART MILLER whose body was found at The Rocks on the 2nd March 1997. Scott's death occurred under suspicious circumstances so therefore I am asking you to ensure a thorough investigation. Apparently Scott's clothes were with the scientific squad for analysis yet his Mastercard and cash which we were informed were missing were found still in his jeans pocket seven (7) weeks after his death. I am concerned at the apparent lapse of interest in the investigation and lack of communication to me by the Rocks' detectives. I have requested copies of all reports including the autopsy report to be sent to me but as yet have received nothing. As we have concerns I seek your support in ensuring the investigation into our son's death is conducted professionally.

Yours sincerely  
EMiller

CHRISTINE MILLER
