Re Death of Scott Stuart Miller

Dear Sir,

On 7 October 1997 I conducted an inquest into the death of Scott Stuart Miller and concluded on the evidence that Scott Miller was the victim of a homicide by person or persons unknown. The investigation was conducted by Detective Senior Constable Michael Lane from the Rocks Police.

On 6 November 1997 I received a letter from the mother of the deceased relaying a number of concerns in respect of the investigation, and in effect asking that further investigation be undertaken. She specifically asks that her concerns be handled by specialised homicide investigators. Could you please allocate an officer to follow up her concerns. It may be necessary for that officer to contact Sergeant Raff Del Vecchio, the case officer, who is conversant with the brief. Could I also be kept informed as to whom the officer is and the length of time that these further inquires may take.

Please find enclosed a copy of the letter sent by Mrs Miller. Sergeant Del Vecchio can be contacted on [redacted].

J.A. did you wish to follow up on this or have you finalised it
