Date: 20 April, 1999

Name: CARTER, Jade Lynnette

Tel No.: [REDACTED]

Address: [REDACTED]

Occupation: Student.

States:-

1. This statement made by me accurately sets out the evidence which I would be prepared, if necessary, to give in court as a witness. The statement is true to the best of my knowledge and belief and I make it knowing that, if it is tendered in evidence, I shall be liable to prosecution if I have wilfully stated in it anything which I know to be false or do not believe to be true.
2. My age is 23 years.
3. On the 6 March, 1997 I supplied a statement to the Police in relation to my knowledge of an incident that occurred at Millers Point on the 2nd March, 1997. Today, the 20 April, 1999 I have read that statement. The only things that I can add to that statement that have now come to me are that after having left the George Street Bar I drove to Observatory Hill with a friend, Keith Armitage. On arrival we got out of the car to talk and I noticed a group of people, I think it was one woman and two men sitting on the grass near the canon in the middle of the park at Observatory Hill. These people were not causing any trouble or making a lot of noise, they just appeared to have been sitting down talking. When we arrived they almost immediately got up and started to walk away towards Watsons road. Watsons road goes from Observatory Hill down to Argyle Street. I can only describe this group as being about eighteen to twenty five years of age and possibly dressed in sports type clothing similar to shiny tracksuit pants and t-shirts. I

didn't see where they went after they reached Watsons road.

4. I stayed at Observatory Hill for about an hour with Keith and then he left in his vehicle which was a white van. I stayed for no more than five minutes and then walked down Watsons Road towards the bus stop at Miller Point on Argyle Street. As I said in my earlier statement I then saw a man on the road walking in the same direction as I was towards the Post Office on the corner of Kent Street and Argyle Street.

5. My initial statement is correct from that point on. The only other thing that I have to add is that in the days after I gave the statement to the Police one of my former neighbours, I only know her as Peggy, who lived at [REDACTED], Millers Point had said to me that her and a friend had been harassed by a group of males on that Saturday evening or the Sunday morning outside the Post Office in Argyle Street. I remember she said that the men that harassed her were not locals. I cant recall if she said that this happened when she was on her way out that night or on her way home.

6. Today, at the Crime Agencies offices in Strawberry Hills I had a conversation with Detective Sergeant O'Keefe and Detective Senior constable Lanyon. I was then shown a video that depicted 12 males persons. I viewed the video and could not definitely recognise the male that I saw that night however I would say that this man resembled a cross between man number four and man number eight on the video.

7. I was also shown some aerial photographs of the Millers Point area. On one of those photo's I have marked in black pen a cross with a circle around it as being the area where I saw the people described when I first arrived at Observatory Hill. In the same pen I have marked a small cross where I was when I

first saw the male person I described in my first statement and I have indicated with circle where he was at that time. I have signed and dated the back of that photograph.
