Place: Major Crime Squad South
Date: 19th January 1996

Name: NP205

Tel No.:

Address: **No Fixed Address**

Occupation: **Invalid Pensioner**

States:-

1. This statement made by me accurately sets out the evidence which I would be prepared, if necessary, to give in court as a witness. The statement is true to the best of my knowledge and belief and I make it knowing that, if it is tendered in evidence, I shall be liable to prosecution if I have wilfully stated in it anything which I know to be false or do not believe to be true.

2. My age is 46 years.

3. I don't currently have a fixed address and I usually sleep on the trains. I am an invalid pensioner resulting from a motor bicycle accident about ten years ago. I have had a couple of strokes and I suffer from a hearing disorder called Hyperacusis, which causes me to hear things alot louder than what they are. As a result of these strokes I also have a short term and long term memory problem. I have problems remembering when things happen, but I usually remember when important or significant things happen. I am an alcoholic and suffer from alcohol abuse.

4. I was born NP205 but I changed my name by Deed Poll to NP205 around 1984. Since then I have always gone by the name NP205 with the date of birth [REDACTED] 1949. When I go out I always carry identification with me in my name. I normally would carry a heavy vehicle licence, medicare card and my pension card.

STATEMENT (Continued) in Matter of: Murder of Kenneth BRENNAN

Name: NP205

5. In June 1995 I stayed at a half way house called [REDACTED]. I went there straight after leaving another Half way house at [REDACTED] Pendle Hill. I only stayed there for a couple of weeks. I went to these half way houses after leaving the drug and alcohol unit at Rozelle Hospital. The [REDACTED] is situated in [REDACTED] Five Dock. I wasn't employed at that time. Around this time I was suffering from alcohol abuse and I was trying to recover from that. Since I left Rozelle Hospital I would normally stay at half way houses.

6. This time in June 1995 was shortly after when I had a stroke and I was very unsteady on my feet. My speech was very slurred and indistinct around this time. I would generally stay inside at [REDACTED]. Occasionally I would come to the City on the weekends to go to the cinema but I didn't normally frequent the City.

7. I have a problem remembering dates but I remember that I was at [REDACTED] during June 1995. I really can't remember going to hospital on the 11th of June 1995. It wasn't significant so I honestly can't remember it. I don't remember where I was over the long weekend or who I was with, but I would have stayed at [REDACTED]. I basically have no recollection of that weekend at all. I know I have been in Hospital on prior occasions but I can't remember what these were for either.

8. I am not homosexual and have no involvement with the Gay community at all. I have nothing against Gay people, I just live and let live. I do have a friend who is homosexual but I haven't seen him for a while.

9. I have never heard of a person by the name of Kenneth BRENNAN and I have no knowledge of his murder. I don't really have any information which could assist Police. Even though I have a memory problem I am sure I would remember something which was to do with a murder.
