

Correspondance with Dr BRUCE

File Number: 18

Product Type: TEXT DOCUMENTS:Investigators Note

Date of Note: 16 Jun 2016

Brief Description: About 2.30pm on 15/06/2016 DSC CLANCY contacted Dr BRUCE from FASS in relation to exhibits for SF SKARRATT. There have been a number of exhibits which were initially examined at the beginning of this investigation in 1995 and again in March this year. DSC CLANCY mentioned that not all results were on EFIMS and could it be possible for Dr BRUCE to confirm these exhibits have been examined. Further to this, DSC CLANCY explained she had a meeting with D/Sgt SCHIBECI earlier that day and a few exhibits were identified as being worthwhile to be examined by FASS. Dr BRUCE stated he would receive these exhibits and test them appropriately. DSC CLANCY stated she would send an email in relation to their conversation, which she did on 16/06/2016.

The email read:
