Subject: Disappearance of Peter Baumann, Your Ref: 1075/08

Dear Mr. West,

I heard today that obviously you could identify the corpse of an unknown deceased person going back to 1983. Many thanks for your information. My family and I would like to know how this could be clarified after such a long time.

Please be so kind and give me all information you can of how my brother died, under which circumstances he died, where his body was found, the person who found his body, the office which has been involved in tracing his disappearance etc.
Also please let me know under which reference his death was/is held by which police station or some other office who dealt with his death.

Is the correct postal address where to get a death certificate:

New South Wales Government
Registrar of Births, Deaths and Marriages
35 Regent Street
Chippendale
Australia

Thanks for kind attention.
Looking forward to hearing from you soon.

Sincerely yours
Anna Baumann-Serr
