Dear Ms Baumann,

I refer to your correspondence dated 11 September 2009 concerning the suspected death of your brother, Peter.

To assist with answering your questions, please find enclosed a copy of the coronial exhibits tendered in court during the coronial inquest. The contents of this documentation may be distressing and you may wish to seek support prior to reading.

As you are aware, the Coroner determined from the available evidence that your brother is deceased and found that he died some time on or after 26 October 1983, however was unable to determine the date, place, cause and manner of death.

If you require any further information or I can be of any other assistance, please do not hesitate to contact this office at anytime.

Yours faithfully
