Gentlemen:

in reference to our telephone call of today I am surprised to learn that not much has been done to find my brother in all these years he went missing.

I am sure something happened to my brother since I otherwise would not have to find him.

Please be so kind and try to find out following :

- Who is Cherie Kim Foster and where does she live? When did they marry- before he went missing or thereafter?
- What happened to his passport (passport no: [REDACTED] issued 02.09.1981, expired 02.09.1986)? Did he also have an Australian passport?
- What happened to the things (his piano, etc.) he left in [REDACTED] Cross Street, Waverly, P.C. 2024, South Sydney, phone [REDACTED] Did he give notice to following address: PKJ Productions, [REDACTED] Potts Point, 2011 Sydney, N.S.W.????
- He worked for a radio station (ABC) and never collected his last wages ???
- In 1982 he asked my parents to send his study book since he intended to carry on with his studies (music and composition) on the Conservatory in Sydney.

I wrote several times to the German embassy in Australia , U.S.A., Indonesia - yet his passport was not prolonged nor do they keep any file of my brother.

The GEMA - an organization similar to APRA- cannot find him. The Red Cross and the Salvation Army closed their files because they cannot find him.

I hope you will find an answer to all these questions. Thanks very much for your commitment and your soon reply.

Very truly yours

Dear Sgt. Gribbla,

I refer to our telephone conversation of last week and would like to ask you some more questions, since you told some things that just seem very strange to me:

Was the name of Peter's "boy friend" Barry? He wrote in one of his letters that he composed songs together with Barry.

Could it be that he prostituted himself in order to get money? Do you know something about his financial standing?

He wrote that he was a "leadguitarist and keyboardist in a band in Sydney (new wave), that he'll release a new single on a local independent label. And for the material he'd written what is not suitable to play and perform in this particular band, he'd leased the rights to local or overseas acts (Richard Clayderman???, male and female vocalists and singers in Europe, Australia, America??). He'd found his own publishing company???" Do you know anything about this?

Did he receive any money for his musical compositions?

When was he in Coober Peddy and what for? Who told you that?

Why did you ask me whether he was together with Germans? Was he??
Who told you about the different names he used? I know about the name "Ann", but "Moltzam" what does it mean?

To whom did he say "he hated Jews"???

Which date did he actually go missing? When was his passport returned to the German Embassy? Why did the German Embassy not get in touch with me or my family?

Where was Peter's guitar found? Who gave it to you?

Sorry to disturb you again with more questions and many thanks for your help.

Kind regards

Anna-C. Baumann-Serr

I will call you in a few minutes.
