Hi Jon,

Sorry about the delay in getting back to you, I was in Goulburn yesterday and just got back today.

As discussed, here is the information for your records.

I agree sending another request through under the Unsolved Homicide banner may spark more of an interest with the French Authorities.

Regards,

Kylie WHITING | Sergeant | Team Leader | Missing Persons Unit |

Hello Sgt Whiting

I have located the file. A copy of the last response from Interpol is below. We had sent the original request and 5 chasers to Interpol to no avail.

Please advise if you require any further action from FIRM

regards Kim

Kim,

OUR REF: 4234094 MATTAINI

Numerous Chasers have already been sent to Interpol Paris regarding this DNA request (11 April, 14 June, 12 July and 30 August).

Given the lack of response from French authorities, Interpol Canberra will not send any more chasers regarding this request. You will be notified if a response is received from IP Paris.

Kind regards

Amanda Beatty

Hello Interpol

Could you please send a chaser to Interpol France in regard to this matter. I have not had any responses so do not have a PROMIS# for the file.

This is in relation to a long term Missing Person case. We currently have Operation FIRENZE underway, under the direction of the NSW State Coroner. This involves obtaining all outstanding information to assist with further investigation. Unidentified bodies that we have on file cannot be ruled out with no available information on Gilles MATTAINI

Could you please arrange for 2 DNA samples to be obtained from the MP's mother and forwarded to me at the address below along with the completion of the documents as attached.

Many thanks KIM

Subject: Request to France for DNA sample FPIT224

Hello Interpol

Could you please arrange for 2 DNA (Buccal swabs) samples to be taken from the mother of a NSW Missing Person, Gillies MATTAINI.

The mother, Renne Mattaini lives at [REDACTED]  
[REDACTED], Goussainville Paris, France. 95190 [REDACTED]

These samples are required for both nuclear and mitochondrial testing so it would be appreciated if they were not analysed in France.

Additionally, NSWPOL require the completion of the attached forms as well as a photo of the Missing Person if possible. Any medical records and/or X-rays would be appreciated as well any dental records if available.

I am enclosing the forms for completion by the mother and a consent form to take the DNA samples. Could the forms and samples please be sent back to me at:

FPIT, Locked Bag 5102, Parramatta, 2124 NSW Australia

Please let me know if you require any further details.
