Name: Daniel ROBINSON
Address: C/- Crime Agencies
Occupation: Senior Sergeant of Police

STATES:-

1. This statement made by me accurately sets out the evidence which I would be prepared, if necessary, to give in court as a witness. The statement is true to the best of my knowledge and belief and I make it knowing that, if it is tendered in evidence, I shall be liable for prosecution if I have wilfully stated in it anything which I know to be false, or do not believe to be true.

2. I am 37 years of age.

3. Previously in relation to this matter, I have prepared statements on the 16th of July, 1991, and, 24th of July, 2000. To prepare this statement, I have had the opportunity of reading those statements, in addition to a AMSM circulation relative to Ross WARREN on 24/07/1989, Paddington Police Station occurrence pad entry 7/149 of 1989 relative to Ross WARREN, and, Police Incident Report 89/2311 from Paddington Police Station relative to Ross WARREN.

4. In relation to the "circulation" of information about Ross WARREN I refer to in paragraph 4 of the statement dated 16th of July, 1991, it may have been information broadcast locally using the Police radio. I am not able to confirm this as my recollection is not clear. I have since examined an AMSM circulation was created at 08:59 on 24/07/1989 by Constable Tim HANSEN, being the monday morning.

STATEMENT (continued) in the matter of: Death of WARREN
Name: Daniel ROBINSON

5. In paragraph 6 of the same statement, I refer to meeting Mr ELLIS at "Tammarama and Kenneth Streets". I have since examined a map and those streets do not intersect. I was in fact referring to Kenneth Street at Tamarama.

6. Also in paragraph 6 I refer to WARREN's vehicle being found outside 24 Fennek Street at Bondi. I have been informed there is no Fennek Street at Bondi. In Paragraph 7 I refer to 24 Kenneth Street. I believe the "Fennek" Street to being a mistake.

7. I am not able to describe the positioning of the car any better than in previous statements. I am now not able to identify the exact position where the keys were found. I have no clear recollection of the finding of the keys, however, I have since read documents which refer to the keys being found at the bottom of a cliff and I have no reason to believe those documents to be incorrect.

8. I am not able to comment as to why the scene was not recorded by way of photograph or the Crime Scene Unit requested to attend.

9. I do not recall how many keys were on the key ring.
