Brief Description	

On Tuesday 15/11/2016 DSC TIERNEY requested a fingerprint comparison for [NP250] against the two outstanding unidentified prints from WARREN's exhibits from his car.

On 24/11/2016 Fiona WEST from Fingerprint Operations emailed a confirmation that [NP250]'s prints were not one of the outstanding prints from the WARREN case.

WEST also stated all prints from the WARREN case were found to belong to WARREN except for one print (FCN 140143, Graph W) - this print is still outstanding, it was located on the audio cassette case in WARREN's car.

Email from WEST is attached.
