Thanks Franka,

FASS, as seen below I am seeking to have the below result reviewed to see whether any further testing can be done for this result. This is the only exhibit remaining from this case from an unsolved murder in 1989 and if there is any possibility of DNA we would like to exhaust all avenues to obtain it.

Event: 904460005414 (Missing Person)
Job Number: AJ00548006 (DNA analysis)
Exhibit: X0000639124
Result ID: R000629443
Comment: "Mixed DNA profile, weak/complex"

Sgt - Can you please approve this request and forward this email to #FSGDNARMT and Franka Stojic.

Thank you,

Good Afternoon Detective Senior Constable Tierney,

Could you please obtain written approval from your Supervisor for this request. FASS requires this before they will review the result to determine if further testing can be carried out.

Kind Regards,

Franka Stojic

Hi Franka,

I spoke to you this morning, I'm sorry but I have another request, thought it might be easier to email the details of this one. I just wanted to see whether any further testing can be done for the below result. (This is for a different homicide)

Event: 904460005414 (Missing Person)
Job Number: AJ00548006 (DNA analysis)
Exhibit: X0000639124
Result ID: R000629443
Comment: "Mixed DNA profile, weak/complex"

If any further testing could be done we would like to do it, given we haven't been able to get any other results and this is pretty much our last hope for these exhibits.

Thank you,

Katherine Tierney
