5. We stood there for about 5 minutes and I308 told me something. I heard a loud groanin inside the green house. The green house is on the corner of Holden and Eveleigh Street. We jumped up got in the window and got in and saw the lad with blood comin out his face. When we saw the lad he was lyin on the front verandah on his back and his arms spread out. The lad's shirt was ripped open and you could see his chest. His undies were down to his knees and his trousers were down to his ankles. I don't think he had any shoes or socks on.
