

MEDIA CONFERENCE: REDFERN MURDER

10 February 1992

Media representatives are invited to a conference at Redfern Police Station today at 12.30pm regarding a special initiative to solve the murder of 41-year-old Robert Hart MALCOLM.

Mr Malcolm's father will make an appeal to the public to come forward with information.

And Police will take the unusual step of handbilling the Eveleigh Street community, making available an around-the-clock toll-free information line and a reward of up to \$1000.

(Robert Malcolm was found unconscious in a derelict house in Eveleigh Street on 11 January and died in hospital 18 days later).

Police will also display a photo of the murdered man and a handbill being distributed to Eveleigh St and surrounds this morning.

Beat Police will be available for vision of them distributing handbills.

Redfern PS is in Turner St.
