Police in charge Date, time, and Report of occurrence occurrence No. action taken 4.7.76. ALLAN HEAD MURDER. FURTHER INTERVIEW OF JACK MCMAHON. SEE RUNNING SHEET 29 and 29A This morning we visited Mr. McMAHON at his address 1/49 Gresvener Cres, Summer Hill, ascertained that en the Thursday 17.6.76., Den HUMPHRIES had called at his flat about 9 or 10pm. that night dressed in his pyjamas and dressing gewm and informed him that he thought that there was some trouble in Allan HEAD'S flat as earlier he had heard HEAD call for help and when he knecked on the door asking if he was alright HEAD had said he was and there appeared to be someone else with him as HUMPHRIES told McMAHON that he thought he heard another male voice. As the light wasen in HEAD'S flat they decided that it may be an invasion of privacy to take the matter further. McMAHON neticed that HEAD'S light remained on from that time and on Saturday 19.6.76., the hight was still on and the next enquiry about HEAD was about tea time 7.30pm. on Tuesday 22.6.76., Margret McEVOY, another young girl and a male visited him enquiring about HEAD and that the girl Margret left her home phone number with him and the man (pessibly Ray MORPHETT) had left the telephone number of Mr. Henry LYNDON - . . te centact if HEAD came te light. It was the fellewing merming 23.6.76., that the Pelice called te see Mr. McMAHON and that same merning McMAHON telephoned LYNDON about the death of HEAD, he did not know that the number was at the Cerperate Affairs Dept. and he dees'nt remember discussing a car number with LYNDON. Mr. McMAHON appears to be a bit vague about his part in events involving HUMPHRIES, Mc EVOY and LYNDON. McMAHON stated that en the 17.6.76., he and his lady friend were watching television and retired to bed about 11.30pm. and that he did not see or hear anything or person of a suspicious nature about the flat that night. 8/7/76.	PETER OLSEN INTERVIEWED.	REID	AND	GIBSON
	1. On 8.7.76, interviewed			
	Mr. Peter OLSEN of			
	Bankstown, Chief Investigator and the Officer in Charge of the Investigation			
	and Presecution Division of the			
	Corporate Affairs Commission, at his			
	office at Picadilly Court,			
	, Sydney. Phone home.			
	2. Mr. OLSEN stated that he has			
	known the deceased since approximately			
	1964 and during that time they have			
	both worked for the Corporate Affairs			
	Commission. He regarded HEAD as an			
	experienced Clerk and Supervisor and			
	stated that HEAD held the position			
	of a Supervisor and Releiving Officer			
	with the Registration and Document			
	Division of the Commission.			
	3. OLSEN stated that HEAD was			
	regarded as an efficient officer but			
	there had been some staff problems			
	in his division at Castlereagh Street			
***************************************	and he had heard rumours that HEAD			
	was unpopular with some female staff			
	members and he had the reputation			
	of being an odd fellow and hard to			
	get on with at times. OLS N stated			
	that he did not regularly meet with			
	HEAD socially but has met him in			
	various hotels in the city area after			
	working hours. He added that some of the men at the Castlereagh Street			
	Section had a drinking problem and			
	regularly drank at city hotels during			
	their lunch hours and after work.			
	He knew that HEAD drank in the Hyde			
	Park Hotel. the Castlereagh Hotel			
	and the Windsor Tayern Hotel, which			
	he said was frequented by homosexuals			
	in the downstairs bar. OLSEN added			
	that on numerous occasions after he			
	had worked back late at the office			
	he had accompanied other staff to one			
	of these hotels and found HEAD drinking alone in a bar. He said that HEAD	5		
	became aggressive and abusive while			
	drinking and the more he drank the			
	more aggressive he bacame.			
	4. OLSEN said that HEAD had a			
	reputation of being a homosexual and			
	he had heard suggestions that he had			
	attempted to procure male members of			
	the Commission Staff. OLSEN had			
	himself seen HEAD trying to pick-up			
	a young man in the Tom Jones bar of			
	the Windsor Tavern some time ago and

	OLSEN INTERVIEW CONTINUEDPAGE TWO.	REID AND GIBSON
	he described this man as being a let	
	younger than HEAD and roughly dressed	
	in jeans and a 'T' shirt.	
	5. When asked if he knew any close	
	associates of the deceased OLSEN	
	stated that HEAD was close friends	
	with a man named Greg STRACHAN who was also employed by the Gommission.	
	OLSEN believes that STRACHAN is an	·
	alcholic and a single man who could	
	possibly be a homosexual and STRACHAN	
	and HEAD often went out together	
	socially. Infact HEAD was supposed to	
	meet STRACHAN for a few beers on	
	Friday the 18th June, 1976 but did not	
	keep that appointment. OLSEN added	
	that HEAD was also friendly with Harry LINDON and Margaret McEVOY and	
	claimed a possible source of information	n
	re HEAD would be a man named Noel	<u> </u>
	PLUNKETT who also worked at the	
	Commission. Mr. OLSEN informed us	
	during this interview that LINDON had	
	suffered a heart attack on 7.7.76	
	and was at present in the Intensive	
	Care unit at Manly Hespital.	
	C OTCOM ATAINA A back has been assessed	
	o. OLSEN claimed that he has never visited HEAD'S home and in fact did	
	not know that the decessed lived at	
	Summer Hill.	
	7. Mr. OLSEN offered this	
	information to Police to see if it	
	could assist in the inquiry and he has	
	been favourably known to Police,	
	particularly members of the Fraud Squad, for a number of years and it is	
	not considered necessary to request	
	him to supply a set of palm prints for	
	elimination purposes at this stage.

19.8.76	RESULT OF TESTING OF CIGARETTES FOUND IN HEAD'S FLAT BY W.D.&.HO WILL	
	773	Reid.
	Three partly smoked	
	Benson & Hedges Super Virginia	
	cigarettes which were found in Head's flat were submitted to	
	W.D. & H.O. Wills for testing to	
	see if they were ones made in	
	Australia or imported from overseas.	
	The tests were carried	
	out by Mr. Bartholomew of AMATIL	
	( Allied Manufacturing & Trading	
	Industries Limited ) 71 Maquarie Street, Sydney.	
	He compared the cigarettes found with ones made in Australia	
	by using a low power stereo	
	microscope and submitting strands	
	of tobacco to analysis by gas	
	liquid chromatography to determine	
	the level on the component	
	triethylene glycol.	
	The test showed that the	
	cigarettes found were made in	
	Australia and not ones that were	***************************************
	manufactured overseas and imported	
	into this country.	
	The letter received from	
	Mr. Bartholomew setting out his	
	findings should be filed in the	
	statement folder for use at Court	
	at a later stage, if required.
