SUMMARY OF CLIENT/CURRENT PROGRAMME INCLUDING ACTION NEEDED:

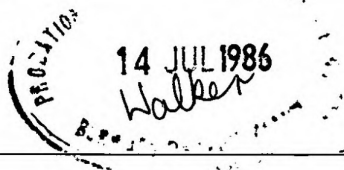

Refer P.R.R of 29th May 1986. A very quiet and seemingly placid individual it has been very difficult to assess level of involvement in distribution of heroin. Employment record prior to imprisonment rather vague which could be a significant factor.

1452 app appears to be a good contact. Close relationship with 1451. Nevertheless both 1452 and 1451 appeared very vague up about his social contacts.
